Committee: Joint Committee On Transportation  
Measure: HB3202  
To Oregon Lawmakers:

I am writing to urge your support of HB 3202, in order to help improve wildlife welfare, human health, and our environment generally.

House Bill 3202 builds on what other states have already done. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
