On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202  
To Oregon Lawmakers:

I am writing to urge your support of HB 3202, in order to help improve wildlife welfare, human health, and our environment generally.

This is not a new concept, and in fact other states have already implemented such measures. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
