

Submitter: Jill Riebesehl
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

I am writing to urge your support of HB 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

Many other states have taken such steps already. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.

This is a very important step for the state to take and for our "bright lights, big city" of Portland. Please, pass this bill.
