Committee: Joint Committee On Transportation

Measure: HB3202

IN SUPPORT OF HB 3202

I am writing to urge your support of HB 3202, which will create standards to limit and mitigate light pollution across Oregon.

Oregon should follow the lead of other states that have already taken this step. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
