

Submitter: Megan Wagner

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

I oppose this measure. Healthcare professionals in this state are governed by their own boards. Those boards in turn communicate with OHA and other government authorities. I do not see how the OHA can fairly rule over all healthcare professions in this state. I as a chiropractor feel that my field would be a minority with little to no say in this type of situation. Please vote "no" on this.
