

Submitter: Robert Pendleton

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB3532

The Cultural Trust has been a popular success story for Oregon arts and, here in Stayton, a boon for the restoration of the historic Charles and Martha Brown House as a local event center for culture and the arts.

We support expanding OCT administrative and technical capacity as embedded in HB 3532 and believe, when passed, it will assure continued success of many Oregon counties and Tribal coalitions and over 1,500 cultural non-profits. These programs are essential to Oregon's creative spirit and cultural health in the future, and the goals of OCT will be furthered by this bill.

Sincerely,

Bob Pendleton
