

Submitter: Cory Gant

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

This is not what a majority of Oregonians want.

Taking freedoms away from law abiding citizens does not protect the citizenry.

Punishing healthy Oregonians for what a very small number of unhealthy citizens do does not protect anyone. In fact, this reduces the amount of protection we have.

SB 348 is a horrible idea and a bad move for Oregon.
