

Submitter: Grace Andrews

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2659

Do not move this measure forward. Oregon is ready for Climate-Friendly & Equitable Communities. The CFEC program will transform Oregon's urban areas in ways that tackle climate change, deliver more abundant and affordable housing, address inequity head-on, and provide more convenient, safe ways to get around that don't always require a car. If you care about the climate crisis, affordability and houselessness in Oregon cities, and promoting healthy communities, then CFEC needs to move forward and we can't delay it.
