Dear Senate Committee,

RE: Senate Bill 320 Support Testimony

I support Senate Bill 320 and believe that all adults in custody (AICs) should be able to earn 'Good Time' regardless of age, race, gender, or crime in the pursuit of equal rights, including first-time offenders sentenced under Measure 11. SB 320 is asking for first-time offenders under Measure 11 sentencing to have the same right to earn 'Good Time' as those who have committed and been sentenced under other crimes. Approving this bill would allow for equality and equity for those incarcerated.

Sincerely,

MC
