Measure: HB3086

Honorable Committee Members and Chair,

I join Oregon Humane Voters and many other wildlife advocacy organizations in their opposition to HB 3086, as introduced, and support the -1 amendments.

The ODFW should represent each Oregonian, and have a goal to maintain proportional representation. All Oregonians are stakeholders in the future of wildlife and habitats in our state. I believe we need to live in harmony with wildlife and the environment, as do a large percentage of Oregonians, though they may not live in or near a river basin.

ODFW is there for ALL Oregonians. Hunters, agriculture industry, and ranching should not control, manipulate, or direct ODFW.

Thank you.
