

Submitter: Nina Council

On Behalf
Of: our wildlife

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB3086

HB 3086 is a critical issue. If it were to pass, involving the Fish and Wildlife Commission, the commission would be dominated by hunting and agricultural interests and would silence the voices of the majority of Oregonians. This would all be so wrong, it is time for the Human Species to get back much closer to nature and to all that is natural if we are to save our State as well as our planet.
