

Submitter: Aimee Reiner
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB409

Hello, my name is Aimee Reiner, and I am in support of SB409. We need to bring transparency and parents back into the schooling systems. Parents deserve the right to know what is being taught in our school districts. The curriculum over the years has gotten very blurry with what parents see and what parents don't see. All curriculum is accessible at school; however, with many families having both parents working it's not feasible to many parents to visit their schools to audit the curriculum. We need to know what is being taught in our schools so we can work alongside the school districts with helping our children thrive. My ask is that we have all curriculum available online and made available anytime day/night. Many other states have their curriculum online and available for parents to view and it's time Oregon does the same. We need to bring back trust in our education system here in Oregon and making the curriculum online is a good start. Parents are not the only ones paying taxes to support the education system, but we are the primary stakeholders in our children's education system and our voice matters. Parents deserve the right to know what is being taught to our children. I ask that you vote in favor of SB409

Respectfully,
Aimee Reiner
