Measure: HB3086

Dear House Committee on Agriculture, Land Use, Natural Resources and Water:

Please accept my comments on HB 3086. I urge you to oppose this bill as this would be a huge step backward for Oregon's wildlife! Restructuring the OFWC would result in a leading agency run solely by hunting and agriculture interests. This is not representative of me or the other half of Oregonians! This mode of representation is politically motivated and is not a democratic process and would impact conservation of natural resources significantly. I am extremely disappointed that this bill is even in consideration.

Please maintain a congressional district structure based on proportional representation to ensure that the public interest in wildlife and habitat will be represented and that we have a diverse candidate pool that reflects Oregon's rapidly changing demographics.

Sincerely,

Kat Balogh
