

Submitter: Nicole De Graff
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1066

Dear Members of the committee,
I don't find any logical reason for this bill.
I find it ironic that the justification for this is to make sure for profit virtual charters aren't simply doing so for financial reasons yet the fear is that they'll take too much of the ADMw funds. This is a union attempt to eliminate alternative education opportunities for families.
