Measure: HB3086

Dear House Agriculture, Land Use, Natural Resources, and Water Committee
Member:

I myself am not a hunter, but I do support it as it something my family has done for years and my husband does so as well. I'm writing this email in support of the river basin management area model for the ODFW Commission. It makes sense to have representation of these river basins for a wildlife commission, I mean how do big populations bases deal with wildlife issues on the daily like the more rural areas of our state. It just makes sense to have this type of representation. Therefore I support HB 3086 with the -4 amendment.

Thank you for the opportunity to comment on this very important issue.

Sincerely,

Courtney Muñoz
