Subcommittee on Capital Construction

House Bill 5005
Shannon Hurn, Deputy Director for Administration
Oregon Department of Fish and Wildlife

The department appreciates the opportunity to provide written testimony on House bill 5005. House bill 5005 provides for the issuance of general obligation bonds, revenue bonds, certificates of participation, and other financing agreements. In ODFW's case, the bill provides for the issuance of general obligation bonds in the amount of \$5,095,000 to address deferred maintenance at regional office facilities.

The Secretary of State recognized in a 2005 audit that ODFW had, in their estimation a \$94 million backlog of maintenance needs at facilities across the state, including hatcheries, offices, and wildlife areas. Funding to address deferred maintenance issues at hatcheries was received during the 2017 session through \$10 million in general obligation bonds and has led to significant improvements to hatchery infrastructure through targeted investment. Funding was provided for regional offices deferred maintenance in ODFW's 2021-23 Legislatively Approved Budget through a Deferred Maintenance – Phase 2 general obligation bond purchase of \$5,000,000. House bill 5005 would continue to provide resources for addressing deferred maintenance at regional office locations. The department has identified projects through a Real Property Inventory in 2021-22. House bill 5005 would provide funding for prioritized facility upgrades at the Clackamas Office Complex, developing a centralized office location in Central Oregon and completing rebuild efforts at the John Day Watershed District office in Pendleton, Oregon.

Thank you for the opportunity to provide testimony.

CONTACTS:

Shannon Hurn, Deputy Director for Administrator, (503) 947-6044
