Measure: HB3086

I wholeheartedly support HB 3086 with the -4 amendment, which aims to update the Oregon Department of Fish and Wildlife (ODFW) Commission structure to the river basin management area model," or "As a staunch advocate for the river basin management area model for the ODFW Commission, I proudly support HB 3086 with the -4 amendment. From a resource management standpoint this approach makes best sense in order to align with latest science regarding both terrestrial and aquatic ecosystems and their resources. It also compliments the OWEB watershed scale management model. Now is definitely a time to make this change.
