

Submitter: Steven Moore

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: SB545

I strongly support this measure! I carry and use re-usable containers in my car, and often retrieve them for leftovers at restaurants. I'm deeply concerned about the global accumulation of waste, especially plastic-based waste, and this is a way of re-introducing the values of thrift and waste reduction that my rural Oregon grandparents instilled in me at an early age.
