### Summary:

I am Neutral on [SCR 3].

I like potatoes and routinely eat them with great enthusiasm but as the Official state vegetable?

There is a better candidate than the potato to become Oregon's State Vegetable.

### I nominate the Oregon State Legislature as Oregon's State Vegetable.

The unfortunately bad decisions, routinely made by the poorly functioning and apparently comatose Oregon State Legislature were deciding factors in the competition process.

I don't know of any potato that would make a "vegetative" decision similar to the budget allocations below.

→What is the Housing and Community Services Department's total debt as of [04.05.23]?

→The Debt Service alone is [\$155,800,792.00] allocated from this session's GENERAL FUND.

...And...

The Legislature wants to issue more bonds.

Add up the bonding amounts dedicated for the Housing and Community Services Department in [HB 5005 (2023)].

\*\*\*Therefore, the Oregon State Legislature, while continuously discharging their ministerial duties in an apparent vegetative state, should be selected as the official state vegetable.
