Measure: SB1087

Dear Senators,

I support the sale of farm goods at farms, but I share concern that this bill might inadvertently allow the construction of cafes and restaurants at the expense of Oregon's precious, limited, and increasingly threatened farm land. Accordingly, I hope you will please give serious consideration to the comment offered by others:

"There are already provisions that allow the sale of food through farm stands, etc. and they are appropriately limited to ensure that the income from food sales is subordinate to income from the sale of farm crops. This proposal is just an excuse to have a restaurant on farmland without tying it to the actual production or sale of crops."

Thank you for your attention.

Sincerely,

--Adam Novick
