

Submitter: Stephanie Sur
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB473

Dear Senators,

Human trafficking is one of the world's worst problems as well as a huge financial boon for those engaged in illegal activities. In fact it is more financially lucrative than drug trade.

It is imperative that our children learn how to navigate the dangers at the appropriate age.

I support SB 473 and ask that you do as well

Sincerely,

Stephanie Sur
