

Submitter: John White
On Behalf Of:
Committee: Senate Committee On Rules
Measure: SB1087

Chair Lieber, Vice-Chair Knopp and Committee Members:

SB 1087 represents substantial commercialization of land zoned for farm use. It would lead to the repurposing of buildings from farm use to uses for food preparation and public facilities. The grooming of publicly used areas would result in landscaping unrelated farm use. Vehicle activity would increase. The consequences to the rural character of EFU land would be negative.

Thank you for your time and considerations.
