

Submitter: Tammie Taylor

On Behalf  
Of:

Committee: Joint Committee On Ways and Means Subcommittee On General  
Government

Measure: HB5035

No I don't feel that money should come out of the general fund to allow the SOS to apply to biennial expenses! That should've been allocated by the budget set forth, quit looking for a handout in the general fund. We all pay our taxes and I personally feel there are to many areas that need to be cut or curtailed to keep the current budgets. Quit overspending and maybe for ONCE come in under budget  
No new taxes without proper representation
