

Submitter: Suzanne Kosanke

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB976

Dear Senate committee,

I'm writing in support of SB976 to remove deductions for second homes and tax payers with high incomes.

I appreciate being able to deduct mortgage interest for my house, but our current interest deduction is the largest housing subsidy in the country and should be made more fair.

Thanks you for your attention,

Suzanne Kosanke
