

Submitter: Delbert Phelps

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB976

Dear Legislators,

I am opposed to any changes in our current Mortgage deduction laws. Please do not change Our Tax law in this state anymore! The Grose Receipts Tax passed in the last legislature is nothing but a sales tax in disguise and should be repealed! So, please stop raising our taxes!

When panhandlers can stand on a corner and make \$250.00 per day Tax Free as opposed to those of us who do work and pay our taxes, there is something wrong. So, enact law to force the Beggars to have to work at the available jobs advertised to support themselves. There are Help Wanted signs everywhere.

Delbert Phelps,
