

Submitter: SHEILA BENSON  
On Behalf Of:  
Committee: Joint Committee On Ways and Means  
Measure: SB5506  
SB 576

I wholeheartedly support SB 576 that will eliminate asset and income eligibility caps for employed people with disabilities. It will allow Oregonians with disabilities to work, earn, and save like any other Oregonian while also maintaining their private insurance and eligibility for long-term support and services through Medicaid. Sadly, I know too many that are caught up in the current conundrum that prohibits them from contributing to society in a meaningful way. Please pass this bill.
