Committee: Senate Committee On Finance and Revenue

Measure: SB976

As Oregonian that has lived their whole life here, I am writing to urge you to vote "NO" on SB 976, which would eliminate the mortgage interest deduction (MID) for many Oregonians across the state. It's no secret that Oregon's housing costs are among the highest in the nation.

Eliminating or limiting the MID will only make the situation worse, not better. Over 586,000 Oregon filers utilized the MID to decrease the cost of owning a home.

The arbitrary income limitations in SB 976 directly impact middle-class homeowners and will make the dream of home ownership even harder to achieve. There's no proof that this tax on home ownership will do anything to make home ownership more affordable. In fact, it will make home-ownership less affordable and an impractical option for many Oregonians.

With interest rates and housing costs continuing to rise, now is not the time to reduce valuable incentives for home ownership.

Please reject SB 976.
