

Submitter: Ann Frazier

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

The state and county fair grounds are a resource beyond just the annual fairs. They provide gathering places for cultural and education events as well as emergency situations. Most of the facilities are aging and need upgrading. SB 5506 will provide much needed funds to help make the buildings and other structures safe and efficient. Therefore I fully support passage of this bill.
