

Submitter: TODD SHERWOOD
On Behalf Of: Kellogg Rural Fire District 2800
Committee: Joint Committee On Ways and Means
Measure: SB5506

I do believe that their needs to be a structure to store the equipment and have meetings,

Equipment is not cheap and it is getting more expensive every day, the need to keep it under cover when not in use is important for the longevity.

A structure for a meeting area during an event good or bad is also something that is lacking in our area.
