

Submitter: Andrew Greenhalgh-Johnson

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

I want to encourage the Ways and Means Committee to consider continuing current funding levels for Oregon CASA Networks. CASA networks and their volunteers provide a vital service in the form of being a voice for children who are navigating the foster care system. Our goal is to have a CASA for every child, and the the relatively modest investment of \$6.4m will be vital to ensuring CASA's mission can succeed, and Oregon kids get the voice they need, deserve, and are legally entitled.
