

Submitter: Tadd Held

On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

Please support funding for Kellogg fire station. We desperately need a central current compliant station to train,house equipment safe and secure.we also need the ability to clean PPE almost all calls personal are exposed to hazardous material carcinogens and pathogens. The station will be located o a main highway that tourist travel from all over the nation.

We also serve 106 square miles approx 1200 homes and 24000 people.

Thank you for your consideration
