

Submitter: Elisia Friedman

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Please kill this measure! The people living on the streets of Oregon need mental health and substance abuse services, not more laws to enable their behavior which is destructive to themselves and to the community! Have you walked on the streets of Portland lately? Driven on the highways? These tent cities are everywhere - it is disgusting that we are allowing people to live in this inhumane conditions! This measure will just continue to perpetuate the problem - use this energy and money to fund treatment programs to help these people recover their lives!!! Stop wasting our tax dollars to enable this humanitarian crisis!!!
