Measure: HB3610

Oregon has too much unaccountable government already. We have no idea where the money actually gets spent. The "sin" tax being put on alcohol will make alcohol more expensive, but the poor will purchase it anyway, and do without something else they need, or deny their children, because of the addictive nature of alcohol.

We need less government. USA was built on the idea that limited government makes strong families and individuals, and taxes should be used for the good of people, not put into slush funds which are used to intimidate and tyrannize people.

America needs to function more like liberty and less like the cartels.

No new taxes! No new task forces!
