

Submitter: Holly Garland
On Behalf Of: grants pass
Committee: Senate Committee On Health Care
Measure: HB2395

this is unacceptable! we need to be getting people off drugs and into a normal happy life. instead of all the money going toward this bill, why not open facilities to get these dear people off the streets and get them well. or in jail for any wrong doing. as far as introducing children to drugs that can ruin their lives, is called insane! Oregon is not a parent, parents are parents and love their children more than a government ever could! if you care at all for them leave them to their parents.
