Measure: HB3501

In the two years since we bought our house in SE Portland we have had our property vandalized and house less people coming up on our porch trying to sleep, claiming this was their house. My partner was rushed up on one morning while getting the mail by two house less people who camp on the street near by saying that this was their house, luckily I could hear his yelling and came to help. This issue is priority one for us in our continued lives in Portland. As two people who own a home and who are taxed at some of the highest rates in the country, we expect our money to be used to make us safe and our community clean.
