Committee: Senate Committee On Rules

Measure: SJR33

Matt Friday and me were among the first same sex people married in Eugene Oregon. We have been together for 37 years. We support the rights of any two people who love one another to have marriage rights and privileges. We pay taxes and support our local communities. I served in the army in Germany. I feel proud to have served. I was also a delegate to a national democratic convention. Matt and I worked very hard on political issues for the GLBTQ community in Monterey County for 20 years. Matt received a human rights award. Plus many more awards for political reasons. Please give us taxpayers equal rights. Bruce Carlson
