

Submitter: Heather Newton

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Absolutely not. I read the measure; it's all about rights, but there's no mention of responsibility. No mention of drug abuse. No mention of mental illness. No mention of the environmental damage caused by tent camps and human waste. No mention of the rights of taxpaying citizens and their families whose right to enjoy the public spaces they've paid for is severely curtailed by the "unhoused." Enough is enough.
