Measure: HB3501

This is utter madness. Public space is PUBLIC. Claiming it for PRIVATE ownership is theft.

Let anyone sleep undisturbed at night. At 7 AM, they should be forced to wake up, fully vacate the public space, and clean/restore it leaving no damaged vegetation or trash. If the homeless person can't carry their belongings, they should be charged a disposal fee for what is left behind.

Furthermore, they should be charged a Camping Fee (similar to me being charged property taxes for my occupation of city space and use of city resources) which if they cannot pay should be worked off same day in trash/graffitti removal.
