Measure: HB3501

This bill will only hurt Klamath. The streets already are declining. You need to spend some of all the money helping the homeless get jobs, clean up and become an active part in society. You are not addressing the issue here at all. If you keep up with all the handouts, the problem will only grow. I am absolutely opposed to this ridiculous bill. Klamath has gone so far downhill in the past year. It is sad. Citizens need to contribute to their community, not pitch a tent and just keep living off all the citizens who get up every day, go to work, and struggle to make ends meet, put a roof over their heads, and feed their families.
