

Submitter: Micky Coyne

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This is the most insane bill. It's not humane to enable people to live on the street. And it's dangerous to people who need to live around these tents. It's unsanitary for all involved. And when rent cities appear along freeways it's dangerous for the inhabitants and the drivers. We need to push these unfortunate souls into shelter, not make these shanty towns permanent features. It's becoming a downward cycle. More people in tents kills businesses, and property values. Which kills tax revenue and pushes people out of the state. Which means less resources. Which means more homeless, which means more tents... etc, don't do this! The silent majority of tax payers hate this.
