Committee: House Committee On Housing and Homelessness

Measure: HB3501

I live near downtown Portland. I am harassed on a daily basis by vagrants in various states of mental illness and drug induced dementia. This bill will only further cement the rights of this small number of homeless to marginalize myself as a tax paying resident. Please consider the eroding rights of tax payers and before enshrining the rights of a small service resistant group to further degrade the life I have made for myself and my family.
