

Submitter: Paul Kuck

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

This is a terrible idea that only perpetuates the homelessness problem and does nothing to solve it. Additionally, non homeless citizens have rights too. The right to be safe and have free movement in our communities and public spaces. When there are violent drug addicts populating those spaces, we do not have those freedoms afforded to us. This bill should be rejected outright.
