

Submitter: Gregory OLeary

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I absolutely oppose this measure, and any other, that protects the rights of a minority to spread blight in the community. Citizens deserve the respect of the elected representatives to protect our shared environment for the peace and enjoyment of all. Housing the homeless can be established in select locations, designed to provide the services and maintenance that outdoor living requires. Do not, under any circumstances pass this measure.
