Measure: HB3501

I am all for supporting our houseless community, but HB 3501 states that folks can camp on ANY public land. This is unacceptable. I can't buy any house I want or rent any apartment I want. I am constrained by my income. While no one should be living on the street, the options for where they can live should not be limitless. Safe rest villages, safe parking spaces, transitional housing. These are far better solutions than giving folks carte blanche to live wherever they want.
