

Submitter: David Darnell

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I write to urge a no vote on this misguided legislation.

Publicly owned spaces such as parks and campgrounds should be preserved for all to enjoy and not exclusively for those who wish to reside in them.

The use of state owned recreational sites are fee based for those that live elsewhere and have restrictions on the length of use. This law would conflict with areas intended to be used by Oregon residents and tourists alike.
