

Submitter: John Kane

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Hello, as a home owner in the Russel neighborhood I've seen a tremendous uptick of houseless individuals in the area of both high schools and middles schools creating a unsafe environment for children. Walking to the local park, using the walkway recently finished by PDOT, I have to dodge human fecal matter, needles, and fear for my safety trying to enjoy the cities greenspaces. People should be directed and held accountable to public programs for reintroduction into society, not allowed to continue to negatively impact the community they live in. That's the social contract we should all strive for.
