Committee: House Committee On Housing and Homelessness

Measure: HB3501

The cart is being put before the horse here. First, let's establish safe places for people to go. Second, let's figure out who is homeless by necessity and who is homeless by choice. Third, if housing is lacking for state residents, we don't need out of state people camping because they can't find housing. Many are attracted here by the policies expressed in this bill. When all of that is done and there are still local people homeless by necessity, establish places for them to camp where they aren't bothering anyone, provide garbage service and go ahead and put your bill up for a vote.
