Measure: HB3501

I live in downtown Portland, am a lifelong Democrat/liberal, and I vehemently oppose this bill. I feel for my houseless neighbors, but the truth is a large proportion are now mentally unstable and potentially dangerous. This state's efforts to end its housing crisis are so haphazard and counter productive. You can't spend taxpayer money on safe rest villages while giving out tents. You certainly can't be trying to move people off the streets while giving out carte blanche to live on the streets either. This is insane. Why do you think we almost lost the state to the Republicans this year? Because of tonedeaf, moronic legislature like this that's literally turning this state into an overtaxed, underserved, unlivable hellhole. Do better.
