Measure: HB3501

This bill is absolute nonsense. We need to help get them off the streets into better living conditions, not enable them to live a life of permanent homelessness. This is a perfect example of lazy policymaking. Have we learned nothing from the last three years?

If we want to continue the degradation of Oregon's culture, cities, natural beauty, and local business, this law will be passed.

I sure hope it doesn't.

I hope that is not the case.
