

Submitter: Rachel Gehrett

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I oppose this because it takes the parks and public spaces away from the tax paying public and turns them into homeless camps. Parks and public spaces are important for quality of life for everyone. We need a real humane solution to homelessness that doesn't burden the average tax payer with housing the homeless in our shared spaces. Think about spending money to provide homes for the homeless to help instead of taking away our parks.
